

9th International Conference of AORTIC: EMBLEM and SELECTED NCI FUNDED RESEARCH ON BURKITT LYMPHOMA: November 20th, 2013

Convenors: Dr. Sam M. Mbulaiteye, M.D., NCI, Bethesda, Maryland: mbulaits@mail.nih.gov/ Prof. Cristina Stefan, University of Stellenbosch, Cape Town, South Africa:cs@sun.ac.za

Session co-chair: Dr. Kenneth Simbiri, Ph.D., SUNY, New York,USA: simbirioa@gmail.com

Session co-chair: Kishor Bhatia, PhD., National Cancer Institute, Bethesda, Maryland: bhatiak@mail.nih.gov

	Time	Talk	Speaker	Institution	Email
November 20th, 2013	09h00-10h30	EMBLEM (Chair: Kishor Bhatia, NCI)			
	09h00-09h15	EMBLEM collaboration: objectives, design, and timelines	Sam Mbulaiteye	NCI, Bethesda, Maryland	mbulaits@mail.nih.gov
	09h20-09h35	EMBLEM status update in Uganda	Martin Ogwang	St. Mary's Hospital, Lacor	ogwang.martin@lacorhospital.org
	09h40-09h45	EMBLEM status update in Tanzania	Esther Kawira	SHED Foundation	elkawira@gmail.com
	09h50-10h05	EMBLEM status update in Kenya	Constance Tenge	Moi University	cntenge@yahoo.co.uk
	10h10-10h25	Molecular Studies in the EMBLEM Study	Kishor Bhatia	National Cancer Institute	bhatiak@mail.nih.gov
	10h30-11h00	Tea Break			
	11h00-13h00	NCI FUNDED BURKITT LYMPHOMA RESEARCH IN KENYA (Chair: Ann Moormann, UMASS)			
	11h00-11h15	Burkitt lymphoma incidence in Western Kenya: experience from JOOTRH	Juliana Otieno	Jaramogi Oginga Odinga Teaching and Referral Hospital, Kisumu	junyarchiga@gmail.com
	11h20-11h35	EBNA T cell responses in Burkitt lymphoma in Kenya	Ann Moormann	University of Massachusetts	ann.moormann@umassmed.edu
	11h40-12h55	Burkitt lymphoma incidence in Nyanza Pronvince - role of malaria	Odada Sumba	KEMRI	odadakasumba@yahoo.com
	12h00-12h15	Dealing with Cancer in Africa in the 21st Century: A paradigm shift	Kenneth Simbiri	SUNY	simbirioa@gmail.com
	12h20-13h35	Opportunities for African Scientists to publish on the link between cancer and infections	Franco Buonaguro	Instituto Nazionale Tumori, Napoli; Editor-in-Chief, Infectious Agents and Cancer	irccsvir@unina.it
	12h40-12h45	Capacity Building: Catalytic Initiatives by NCI	Joe Harford	NCI, Bethesda, Maryland	harfordj@mail.nih.gov
	12h50-13h00	Panel discussion			
	13h00-14h30	Lunch			
	14h30-17h30	180 minutes (Chair: Kishor Bhatia, NCI; Cristina Stefan, U Stellenbosch)			
	14h30-15h30	Burkitt lymphoma registry and pathology			
	14h30-14h55	Overview of comprehensive population-based BL registration in the Africa Cancer Registry Network	Robert Newton	University of York/Medical Research Council/IARC	Rob.Newton@ecsg.york.ac.uk
	15h00-15h25	Accuracy of Histopathology: importance for epidemiology and clinical studies	Leona Ayers	Ohio State University	leona.ayers@osumc.edu
	15h30-16h30	Burkitt lymphoma treatment & consortia development			
	15h30-15h45	Overview of current status of Burkitt lymphoma treatment in Africa	Fred Okuku	Uganda Cancer Institute	machyokuku2001@yahoo.com
	15h50-16h05	Burkitt lymphoma in Western Kenya: A prospective survival study from 2003-2012.	Ann Moormann	University of Massachusetts	ann.moormann@umassmed.edu
	16h10-16h25	Burkitt lymphoma in African HIV positive children- what is different about them?	Cristina Stefan	University of Stellenbosch	cs@sun.ac.za
16h30-17h00	Molecular abnormalities in Burkitt lymphoma - clues for discovery of novel drugs	Sandeep Dave	Duke University	ssd9@duke.edu	
17h00-17h20	Opportunity for forming a Consortium on BURKITT lymphoma in Africa	Detra Robinson	Westat	ROBINS2@WESTAT.com	
17h15-17h30	Panel discussion
