

BURKITT'S LYMPHOMA COMMUNITY AWARENESS CAMPAIGN

Encouraging people to complete treatment in their own right

Know that proper treatment prevents recurrence

Know that cancer cannot cure on its own

Complete treatment once started

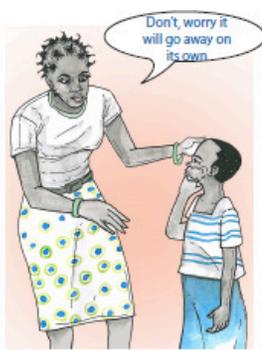

Know that cancer can only be treated in specialized centers

Know that it's your right to receive treatment

Know that all drug side effects can be reduced

Patient A refused treatment 3 years ago

Patient B accepted treatment 3 years ago

Your health is your responsibility

You should not lose hope

Know that cancer is not contagious

Only a trained person can inform you of your progress based on regular visits to the hospital

Specialized centers

Others

Mulago Hospital

Choice is yours

Witch Doctor

Drug Shop

Lacor Hospital

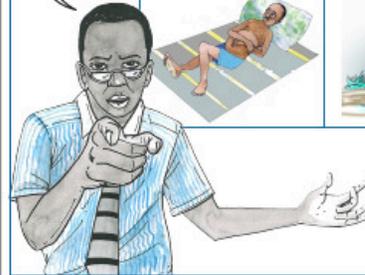

Know that you are not the first one to suffer from cancer! Many have been treated and cured

Before Treatment

After Treatment

It's useless to go back to the doctor
